

# Energy-Efficient Procurement Efforts

U.S. DEPARTMENT OF  
**ENERGY**

Energy Efficiency &  
Renewable Energy

FEMP Procurement Working Group

Linda Mesaros

New standard PowerPoint  
presentation for purchasing energy-  
efficient products

## For anyone to use when talking about:

- Benefits
- Mandates
- Programs and products
- Tools
- Website

## Model contract language for construction:

- Contains language on ENERGY STAR and FEMP-designated products and language
- Contains FAR language and clauses
- Has model source selection and evaluation factors

## Model contract language for information technology:

- Contains language on ENERGY STAR, FEMP-designated products, standby power, and EPEAT
- Contains FAR language and clauses
- Has model source selection and evaluation factors

In coordination with the **Alliance to Save Energy** for compiling data on construction, maintenance and repair, and information technology contracts:

- Analyzing all DOE, DoD (Army, Navy, Air Force), DOI, GSA, HHS, HUD contracts to ascertain whether they contain ENERGY STAR and FEMP-designated contract language and clauses.
- Collecting and reviewing data.

## Presentation

Learning About Energy-Efficient Products

August 16, 2010

Contracting Track

10:30 am - 12:00 pm
